

Dayala Sankaran K

SENIOR UX DESIGNER — SAAS & AI PRODUCT EXPERIENCE

+91 73050 30502 | dayalasankaran@gmail.com | linkedin.com/in/dayalasankaran-ux | Portfolio | Chennai, Tamil Nadu

PROFESSIONAL SUMMARY

Senior UX Designer with 5+ years of experience designing intuitive, scalable interfaces for SaaS and AI-enhanced products. Passionate about transforming complex enterprise workflows into seamless user experiences through research-driven design, interaction design, and accessibility compliance. Specialized in building design systems and end-to-end product flows that bridge user needs with business goals.

CORE SKILLS

UX Research · Interaction Design · Heuristic Evaluation · User Flows · Wireframing · Prototyping · Design Systems · Component Library · Design Tokens · Figma (Auto Layout, Components, Variables) · WCAG 2.1 · Information Architecture · Usability Testing · A/B Testing · Agile · Scrum

PROFESSIONAL EXPERIENCE

Senior UX Designer · Info Services, Chennai Aug 2022 — Present

- Led UX strategy for enterprise SaaS platforms, aligning user research with business objectives — a **25% increase in project efficiency**.
- Built a scalable design system in Figma with Auto Layout & Components, reducing design-to-development iteration time by **40%**.
- Designed AI-integrated workflows improving task completion time by **32%** through optimized information hierarchy.
- Ran A/B testing experiments to optimize interaction patterns, yielding a **15% improvement** in task efficiency.
- Ensured WCAG 2.1 compliance and led stakeholder design reviews across enterprise SaaS platforms.

UX Designer · MacappStudio Jul 2020 — Aug 2022

- Designed **Speed Care** — a full hospital-management SaaS app covering Doctor App, Patient App, and 7 role-based dashboards (Admin, Blood Bank, Ambulance, Pharmacy, Labs, Nurse).
- Designed the Check-In/Check-Out flow and end-to-end patient journey across Consultation, Labs, Pharmacy, and Ambulance modules.
- Conducted usability testing and heuristic evaluation, synthesizing findings into measurable product improvements.

SELECTED PROJECTS

Shatila Staff Dashboard V3.0 — SaaS staff operations 2024

Wholesale / food-distribution dashboard with multi-role access.

- Designed the Admin Dashboard as a central control hub — inventory, roles & permissions, payments, and team governance.
- Built role-aware UI for 5 staff roles with a complete order pipeline (New → Processing → Shipped → Delivered) and 13 business reports.

KIOTI — AI-enabled SaaS service platform 2025

- Designed AI-supported scheduling workflows improving efficiency by **35%**, with WCAG 2.1 AA compliance — optimized for users aged 58+ through large typography, simplified navigation, and accessible interaction patterns.
